*Glimmer Glaze Paint adds a touch of color and a bit of shine right where you need it. Just brush it on.*

Glimmer Glaze is a semi-translucent paint that dries with a bit of dimension and acts like a resist. Unlike the other Tattered Angels Paints, Glimmer Glaze comes with a brush applicator inside the bottle. This little brush makes it perfect for adding quick touches, paint on a stripe or using a rainbow of colors to fulfill your adult coloring craving. Glimmer Glaze makes it easy to add a bit of shimmer and shine to any surface.
